# "Guide For Successful Fund-Raising Sales"

1. **Follow all established guidelines** set by individuals in charge of your sale. Particular attention should be paid to the following items: deadline dates, money turn-in dates, who checks are to be made payable to and delivery dates. Remember, **your cooperation** is needed in order to run a successful, trouble free fund raising campaign, so work closely with the members of your "Team."
2. **Everyone is a customer**, all you have to do is **ASK**. Mom or Dad can take your order form to work with them. Telephone relatives and friends who you don't see every week. Family gathering and social functions such as bowling, card clubs, and meetings present great opportunities to make sales.
3. **Always be courteous, helpful and polite** to your customers. Explain to them which organization you represent and how the funds are to be used. Stress that you are selling **fine quality** chocolates. You are actually bringing our chocolate shop to your customers home, allowing them to sit back and relax, and at the same time do their candy gift shopping at their convenience. Offer to leave an order sheet for a day or two, however, don't forget to pick up all order forms that are left with customers. A customer will most likely order more candy when they are not being rushed. (You may get individual order sheets if you need them from your group leader).
4. **Some basic instructions about the form.** Fill in the customer's name, the items ordered and the amount of money to be paid for the order. You keep the brochure lists to provide a record of what each customer has ordered from you, and how much money should be collected. After you have made as many sales as possible, you are ready to fill out your **Master Order Sheet**. Total up the number of each

item ordered, and enter these totals on the Master Order Sheet. The money total of all your customer sales added together should equal the money amount on your Master Order Sheet. Please be sure the Master Order Sheet is filled in accurately, so that the correct amounts and kinds of candy are included to fill your customer's orders. Turn in your Master Order Sheet to your chairperson.

5. **After you receive your candy order**, check to be sure it has been filled correctly. If not, contact your group leader or chairperson **immediately**. If your order has been filled correctly, you are ready to fill your customers' orders. Take your brochure and carefully fill each order. The amount of money to be turned in to your group leader or chairperson is the total on your Master Order Sheet.

**Remember**, everyone is in the market for excellent quality chocolates at this time of the year. Additional order sheets are available if you need them.

If any questions or problems arise, please talk to the individual in charge immediately.

**Always be careful to keep chocolates in a cool dry area, away from the direct sunlight.**

**GOOD LUCK in your sales. Do your part to make your organization the best!!! With your help, this can be your organization's best, most successful fund raising project ever.**
